## Workshops

### Big Bag Workshop

On Tuesday March 6th, 10 eager quilters arrived at Glad Tidings Pentecostal Church, where Johanne Vajda instructed us on how to construct a "Big Bag". This bag will be excellent to convey large quilts to "Show and Tell", or a large amount of stuff to a workshop or Retreat. Pockets for either side of the bag were constructed prior to Tuesday. By the time most of us left our bags were virtually complete. That is MY kind of workshop. Johanne provided handles and bottoms for those of us that required them.

The variety of fabrics, colours and textures was very wide. Hopefully members will be able to inspect them at our next Show and Tell.

Johanne has offered to teach an additional weekend class if there is sufficient interest. Please let Chris Gordon know if you are interested in a Saturday repeat of this workshop.

See the [web site](#) for more photos.

## **Notes on our Charities**

I will be back for the March meeting and looking forward to seeing all the finished projects - preemies, wheelchair lap quilts and charity quilts that have been done in the last 2 months. Please bring them all in to the March meeting.

---

Hopefully, you enjoyed working with the kits we cut at charity night. Come see what is left to work on at the charity table.

---

I have one charity quilt 48 x 72 to be quilted and then we have finished all the blocks/quilts provided by Lesley Whitby from the slab blocks. If you would be willing to quilt it, it would be appreciated.

I have been doing some reading of my quilt books. Here is something that I found enlightening from Angela Walters

*"First, what does "becoming a better quilter" mean? To begin, it doesn't mean becoming a perfect quilter. Don't confuse mastering a skill with perfecting it. There is no such thing as perfection in free-motion quilting, so don't beat yourself up trying to be perfect. To me, becoming a better quilter simply means getting to a place where you are comfortable with the process while trying to learn new quilting designs. If you remember one thing, remember this: You're doing your best best quilting right now. Be proud of that!"*

### Spring cleaning

If you are like me, your cutting board does not get soaked and brushed clean often enough.

So..... let's all do it this month because our boards will last longer as well as our blades. Cutting boards need to be moisturized. Add 1/4 cup of vinegar to every 1 quart. of cool water in the bathtub. Soak the cutting board for 20 minutes. Using a soft mushroom brush to scrub plus a splash of gentle liquid soap., gently clean away any dirt. Rinse and towel dry. (If your cutting board is too large to fit in the bathtub, do half at a time.) No direct sunlight or heat on your board.

## Library News

Spring has arrived: goodbye snow! Time to dream of flowers and butterflies! The Book of the Month is "Garden Fresh Quilts" - seven patterns and even a few recipes! The author is Jason Yenter who "combines modern with pretty". Please drop by the Library and borrow it.

While at the Library please guess the pages to win Stars by Magic by Nancy Johnson - Steveo.

A few more books were borrowed last month than in January which is great.

There will be a few books and magazines for sale \$1.00 for a book 25 cents for a magazine!

In May there will be a bigger sale if you have any books or magazines that you wish to donate they will be added to the sale.

"A fat quarter has fewer calories than a hot fudge sundae". That's probably cheaper now that the price of vanilla has gone sky high!

See you at the Library

Lucy

I believe many of you are missing out on one of the best features of our guild. I encourage you all to take advantage of our amazing **library**! I have returned to my habit of signing out books each month. You get to keep them for the month. I look at them before going to sleep. It can be very inspiring.

I recently borrowed a book entitled **Singular Sensations**. I was so impressed I had to share it with friends. It was after some study that I realized I was seeing several different quilts all made from the very same block. Many of you would have gotten that long before me. Anyway, please enjoy.

## My Mystery Quilt Journey

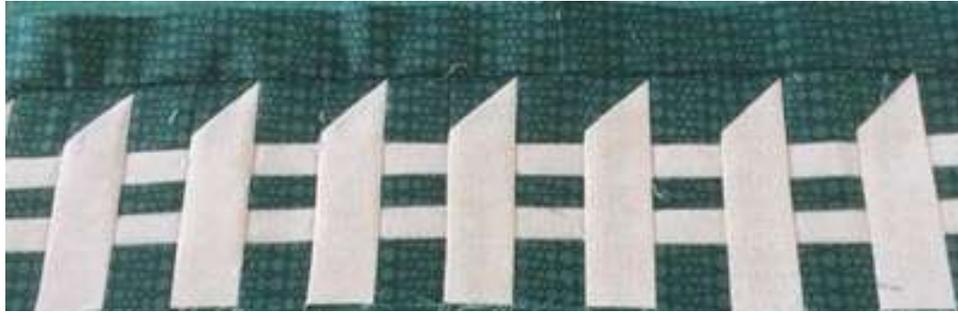

"A mystery quilt is stepping out into the unknown!"

**March 2018, by Janet Brownlee**

I completed my February update highly confident that my fence would be quickly completed. That was not quite to be. I didn't pay close enough attention and I stitched all of the fence and post pairs upside down! So I ripped them all apart and redid them the right way up. It actually didn't take that long for the redo. Then I did quickly finish the fence and I'm very pleased with it.

I wasn't sure if I'd admit to this but I decided to in case my experience could prevent others from doing the same thing.

The fence instructions were very well written and the illustration was perfect.
